How Many Frogs Does It Take to Kiss a Valentine Online?

Ottawa (ON) – The most common complaint from online daters is that dating sites can promise quantity but they can't guarantee you a quality date. Just in time for a Valentine, e-dating Experts.com launches the online dating industry's first ever Quality Date Guarantee.

While thousands of couples will be celebrating love found online this Valentine's Day, millions of singles still wonder; what is the secret to finding their one in a million? "Ask an expert," says Stephany Crowley, founder of e-datingExperts.com and author of e-datingSecrets – How to Surf for Your Perfect Love Match on the Internet.

E-datingExperts.com helps singles craft irresistible profiles and refine their search so they can get quality dates faster and easier. In fact, Ms. Crowley is so confident the e-dating Secrets can help avoid the frogs and find the princes(ses), she guarantees it. "If you buy our e-book, or any of our services before February 14th and you don't find a quality date in days, we'll offer you free personalized coaching until you do."

E-datingExperts.com is not a dating site, it's the first independent resource for online dating tips, advice, site reviews and personalized coaching. The website is designed to help people save time, energy, money and potential heartache while safely navigating the online dating world.

The e-dating Secrets series is available online at E-datingExperts.com and Amazon.com.
